Sli.do

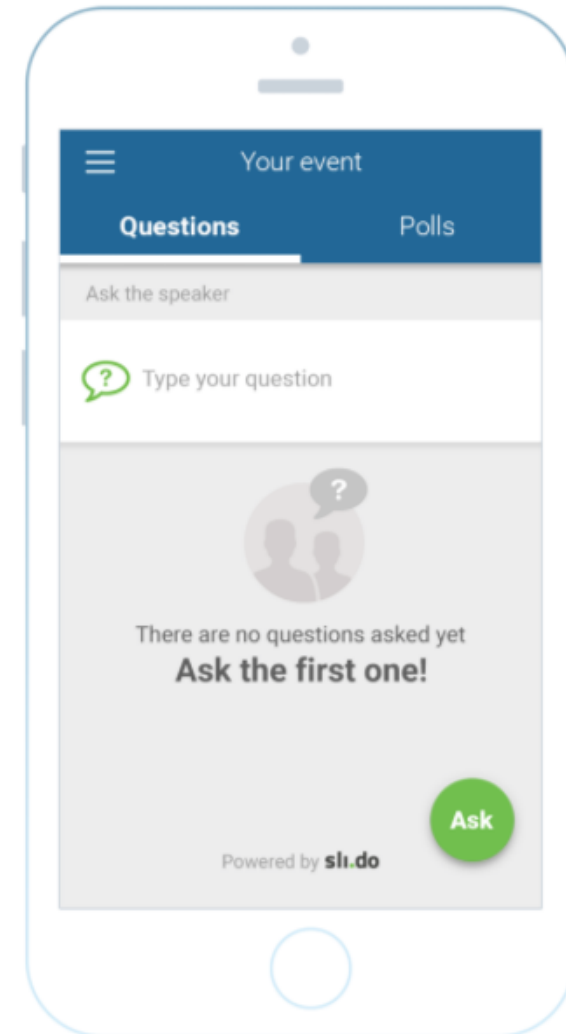

During the event we will be using an online tool (Sli.do) offering you an opportunity to interact with our presentation, engage in polls and ask questions.

For those using the tool you will have the option of posting anonymously and can also download the presentation and a summary infographic onto your local device.

The team will moderate the tool and will post any relevant comments or material to the audience...

Privacy & Data Protection Act (2014)

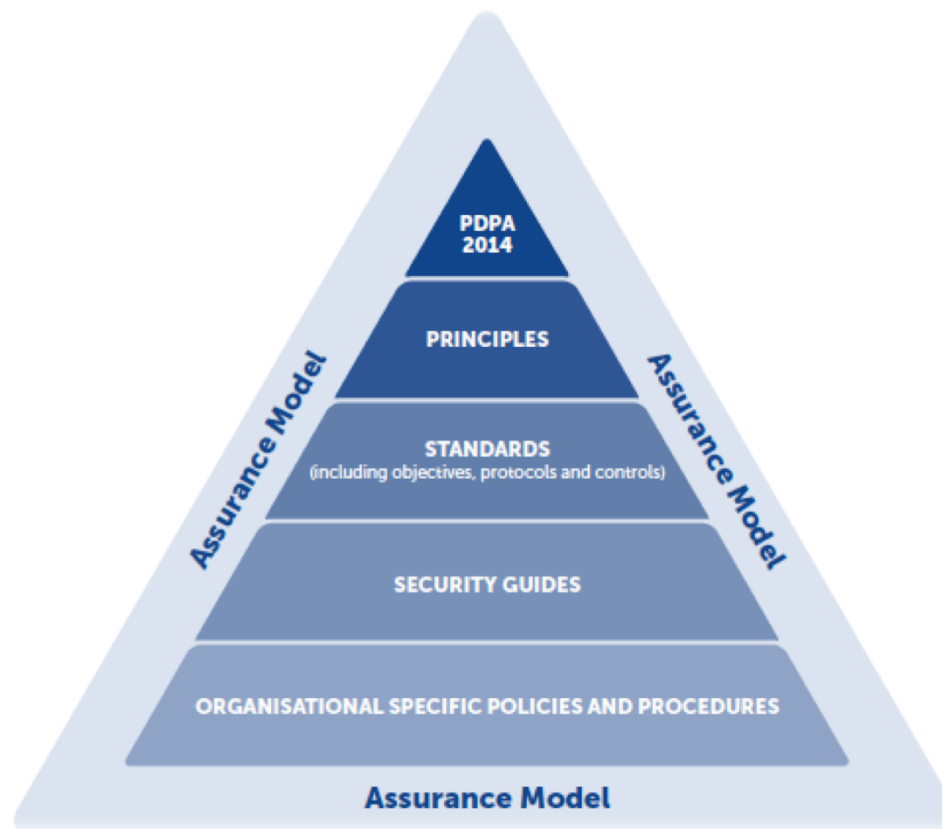

'Data Protection and You'

Awareness video of the Victorian Protective Data Security Framework

The Framework

The Standards

The Victorian Protective Data Security Standards (VPDSS) were formally issued on 28th of July, 2016.

What is covered?

Any information obtained, received or held by an agency or body to which Part 4 of the Privacy and Data Protection Act (2014) applies.

This includes both hard and soft copy information, regardless of media or format!

Who's involved?

CPDP -

Office of the Commissioner for Privacy and Data Protection

Directly in scope -

Applicable agencies or bodies set out under Part 4 of Privacy and Data Protection Act (PDPA) 2014

Public sector body Head

Indirect obligations -

Organisations with access to Victorian public sector data, have indirect protective data security obligations

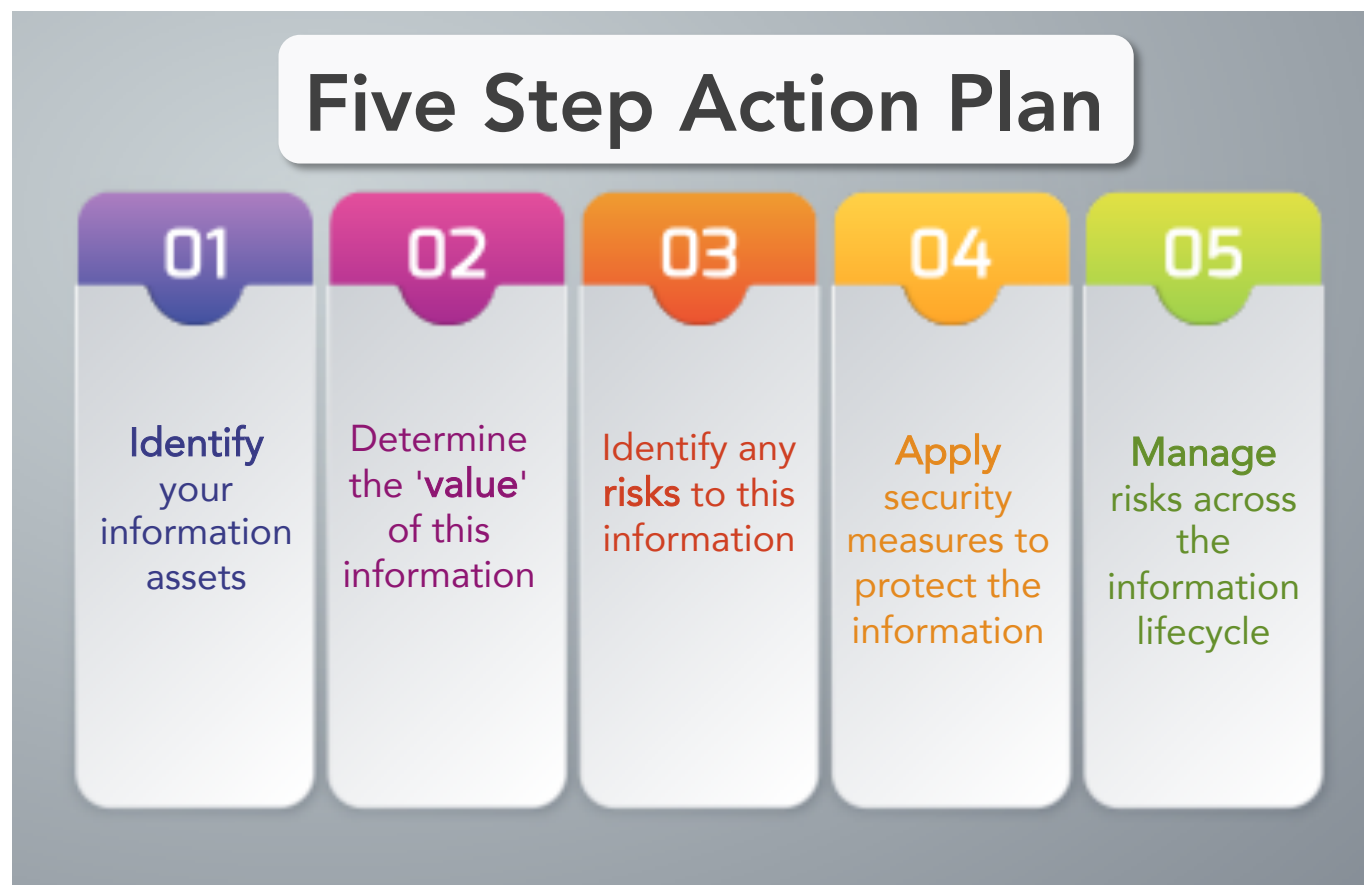

Indirect security obligations

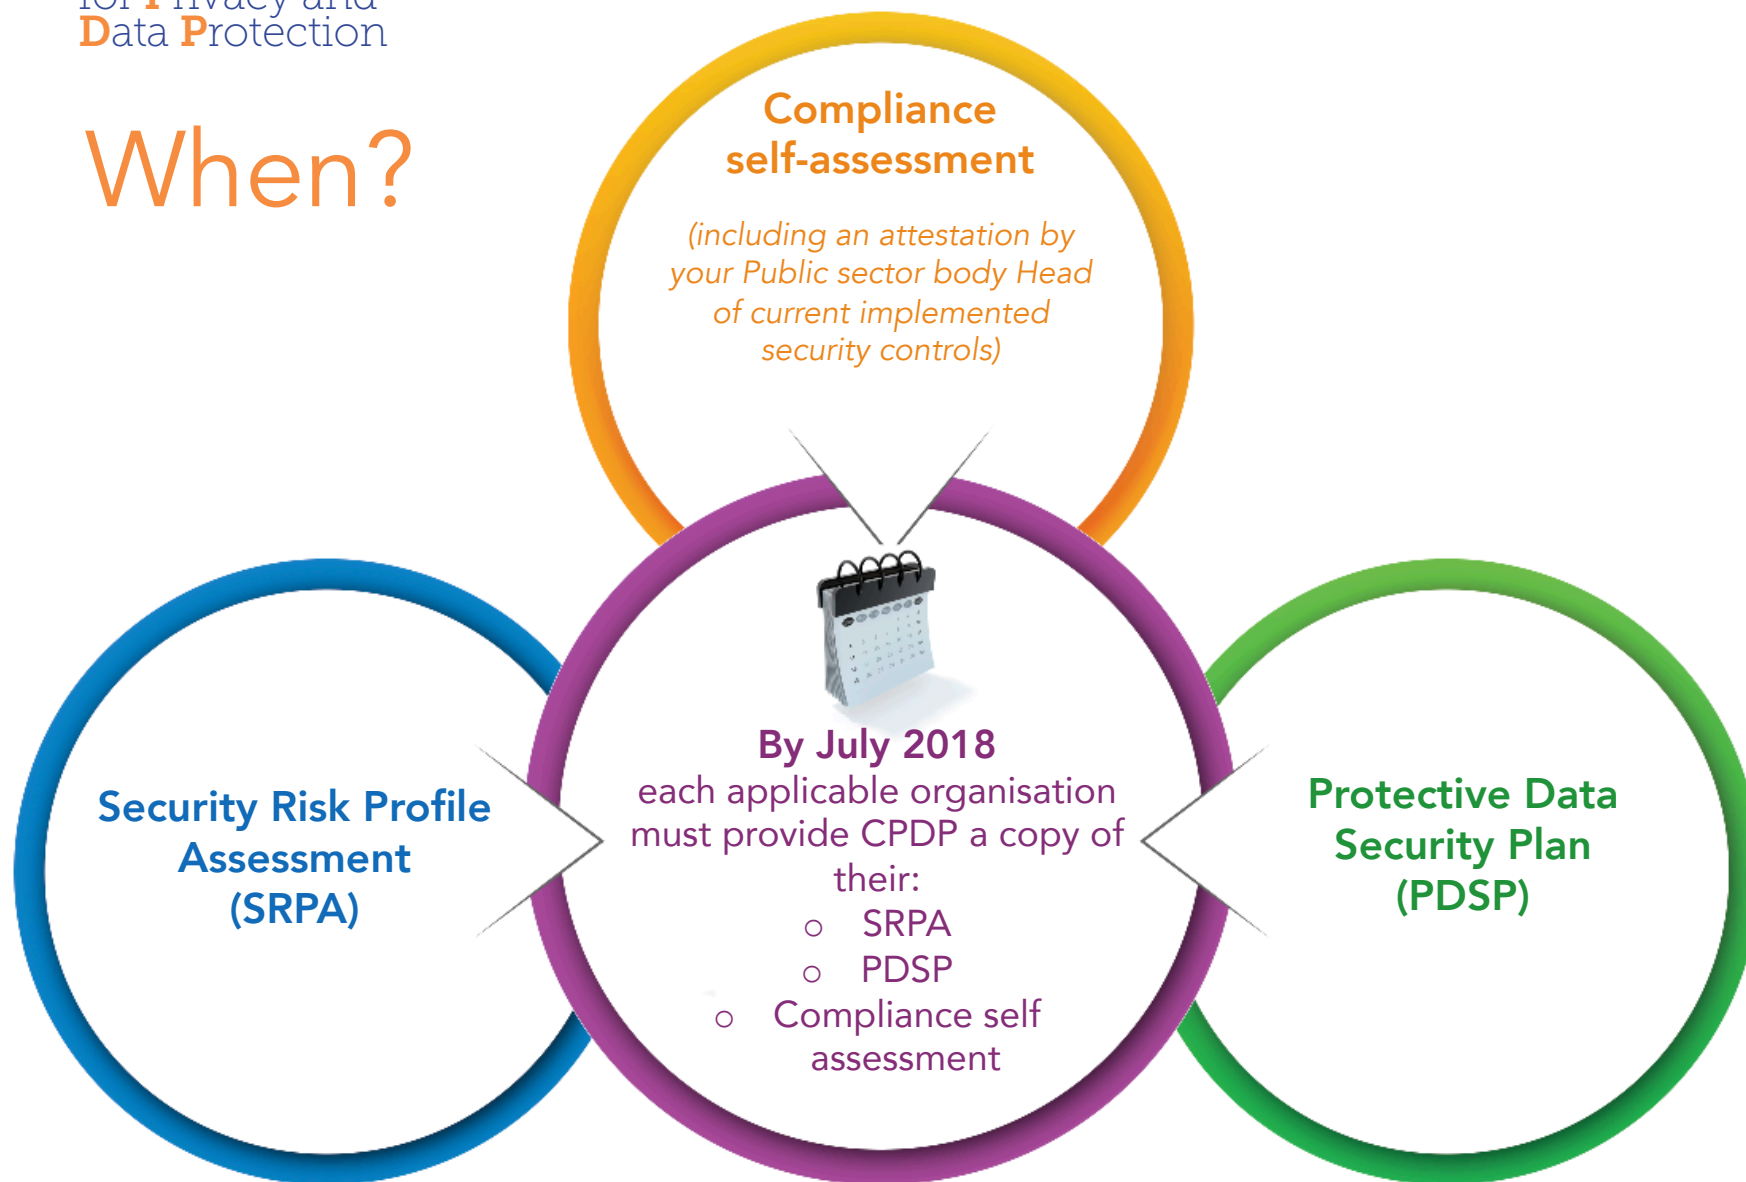

Why do we need to do this?

Where to start?

When?

Tools to support you

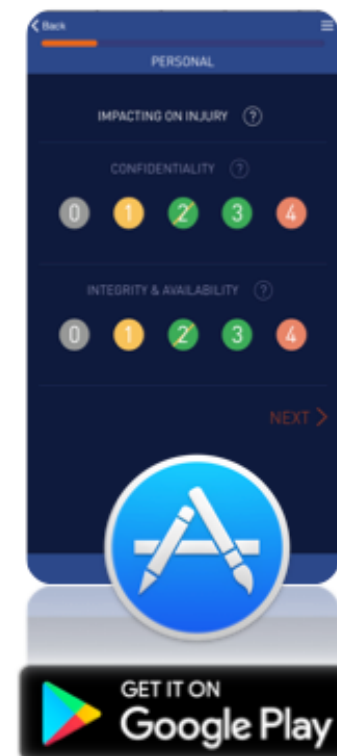

CPDP Mobile App

Currently available for download on table devices (iPad and Android)

Simply search for 'CPDP' in the app store to download your own copy

'BIL' Mobile App

Afternoon Tea

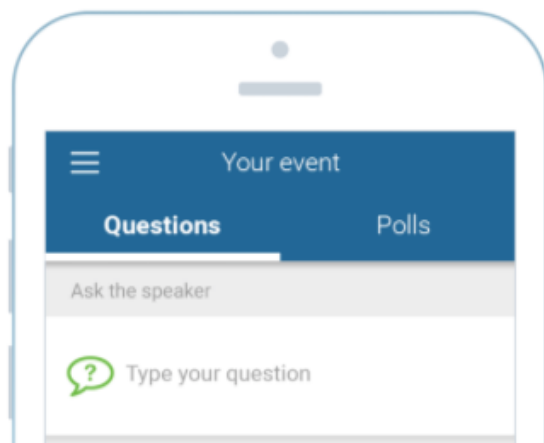

30 minute break for afternoon tea

Feel free to come and
chat to the Data
Protection Team if you
have any questions

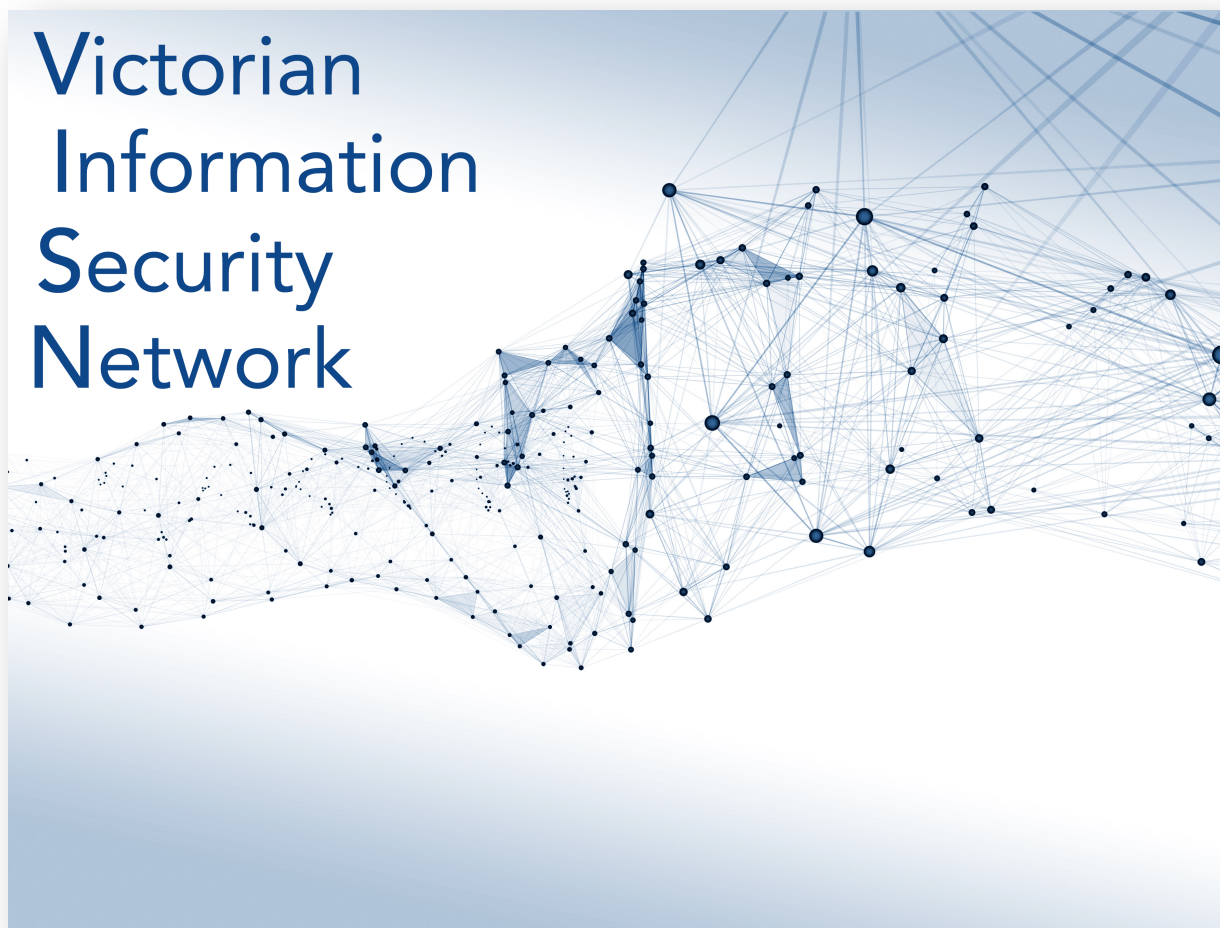

Questions?

Opportunity for you to ask questions through **Sli.do** or to take questions from the floor...

For any other feedback or enquiries please direct your comments to the the security@cpdp.vic.gov.au mailbox

Help build your ideal VISN

Help build your ideal VISN

Help us:

- Determine the membership of the network
- Understand what you want from the VISN
- Understand how you want the VISN to operate both now and in the future
- Input into, and help develop, the VISN Charter & Terms of Reference (TOR)
- Help frame important messages to encourage participation across your business. This includes works units who haven't traditionally been engaged in protective data security activities and programs
