

Privacy

Awareness

Week

13 - 17 May 2019

Protecting privacy is everyone's responsibility

Privacy governance in your organisation

Personal information is valuable

Understand the importance of personal information to your organisation and individuals.

Adopt a privacy by design approach

Conduct a privacy impact assessment for new projects, processes or programs.

Assign accountability for privacy

Ensure someone within your organisation has overall accountability for privacy.

Good privacy governance helps embed a culture of respect for privacy.
